- Attend In-Person at the Crowne Plaza Hotel Springfield, IL
- View LIVE-Streamed Sessions Remotely
- Year-Round Access to Exclusive Full Conference Video Library

LEARN MORE:
SPECIALYGROWERS.ORG/EVERYTHINGLOCAL.HTML

New Conference

Same *great* Experience

Available both in-person and virtually, this brand new event combines all the best parts of the events you loved in the past – the Illinois Specialty Crop Conference and the Live Local: Local Food and Farmers Market conference – bringing together more people than ever from across Illinois’ local food, specialty crop and farmers market supply chains.

Aside from networking opportunities and an expansive tradeshow, you’ll have the chance to hear from leaders invested in the specialty and local food markets, engage in breakout sessions tailored to your needs and participate in workshops that dive deep

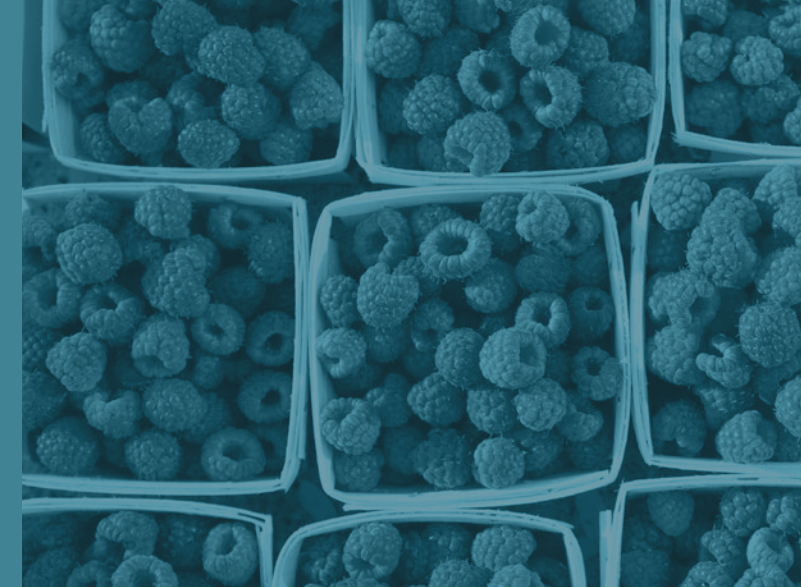

on a wide variety of production, operational and marketing topics. And, if you can’t make it to the in-person event, our virtual option allows you to access all the conference’s best content and even attend the tradeshow via our virtual exhibit hall.

Most importantly, you’ll be a part of the largest ever Illinois gathering focused on bringing together all aspects of the Illinois local and specialty crop supply chain. The connections made here have the opportunity to benefit the local economies and food opportunities of communities across the state for years to come.

WANT TO KNOW WHAT TO EXPECT?

Take a glance at our conference brochure for a closer look at the workshops, breakout tracks and keynote speakers tailored specifically to support the people and organizations who make up the thriving Illinois local food system.

SUBMIT YOUR APPLE CIDER CONTEST APPLICATION

Sponsored by the Illinois State Horticulture Society

Thursday January 12
6:00 p.m. Awards Presentation
(at Banquet)

Meet Our KEYNOTE SPEAKERS

WEDNESDAY KEYNOTE

Sam Acho, ESPN Analyst & Former NFL Player

Join Sam Acho, ESPN analyst, former Chicago Bears player and author, for a fireside chat. During Q&A discussion, Sam will highlight how he used influence and passion to help make grassroots changes in the Austin Neighborhood of Chicago. Hear how a community came together to transform one liquor store into a vital food access business designed, run and approved by the community. He will remind us that change happens when a community unites. Moreover, that everyone can create change in small or large ways if they have passion.

THURSDAY KEYNOTE

Illinois Department of Agriculture, Illinois School Board of Education, USDA Farm Service Agency, USDA Natural Resource Conservation Service, USDA Rural Development

Engage with state & federal agencies working in Illinois to build local and regional food production through loans, grants and new purchasing programs. Hear about how agencies are working to provide resources and develop programs that will improve market opportunities and create better food infrastructure in Illinois for specialty crop and local food producers. Ask your hard-hitting questions in this moderated panel discussion with food and agriculture leaders.

THURSDAY EVENING BANQUET

Flamm Orchard, Roth Produce, Land of Goshen Market and Eastern Illinois Food Bank

Join farmers, farmers market managers and food banks to discuss their first-hand experience with the statewide Farm to Foodbank Pilot Program in Illinois. Discover how through collaboration, these farm and food businesses helped to provide 2.5 million pounds of produce to the most vulnerable populations. Learn how this new market was able to create an additional \$1.1 million in revenue for farmers while feeding their communities.

Make your *connections* at this year's **From Food to Flowers: Everything Local Conference.**

Alexander Kappes, Greener Crop

Crop Planning & Recordkeeping

Mike Lewis, NCAT

FARM TO SCHOOL TRAINING

Join Illinois Farm Bureau, Seven Generations Ahead and the National Center of Appropriate Technology to discuss the Farm to School landscape in Illinois.

Learn the who, what, why, where and how to be part of the Farm to School program as a buyer and a seller. Gain understanding of some of the tools and strategies for buying and selling local food. Hear from success stories around the country and here in Illinois. The discussion closes with a listening session designed to uncover barriers to Farm to School, currently does and does not work, and recommendations for policy, program, logistical and infrastructure solutions to make Farm to School more successful and accessible in Illinois. Your contribution helps build a more resilient food system in Illinois.

Mike Lewis, NCAT; Gary Cuneen, Seven Generations Ahead; Diane Chapeta, Seven Generations Ahead

GAP CERTIFICATION

Overview of USDA GAP Programs & Key Difference with FSMA

Laurie George, Cornell University; Pratik Banerjee, University of Illinois; Zack Grant, University of Illinois

Creating a Food Safety Plan: Risk Assessment Farm Mapping and Addressing Risks

Laurie George, Cornell University; Zack Grant, University of Illinois

Produce Safety Systems: What Are the Key Systems, Equipment and Tools I Should Be Thinking About?
