Convention Policy Question

The PVGA Convention Task Force last year recommended that the Convention Joint Committee adopt a convention-wide policy of normally not paying honorariums to speakers unless the desired speaker asks/requires an honoraium or fee. Due to various circumstances, this question was not discussed by the Convention Joint Committee for the 2023 Convention although we will bring it up at their March 30 meeting. If the Joint Committee decides not to adopt this policy, should PVGA adopt a no-honorarium policy on our own for the vegetable sessions or retain our current policy of paying \$100 honorariums to out-of-state speakers and \$100 honorariums (but no expenses) to in-state grower speakers. Current Joint Committee policy is \$75 honorariums to out-of-state speakers and expenses (but no-honorariums) to in-state grower speakers. PVGA has not to-date paid honorariums to 2023 speakers pending a decision.

Speaker Policies

We are limiting individual speakers to making three or four presentations during the course of the Convention. On the other hand, we encourage program chairs to schedule speakers coming from out-of-state to make more than one presentation whenever possible.

Following are the policies for speaker expenses and honorariums FOR THE VEGETABLE SESSIONS:

- 060.4 The following guidelines for allowable expenses by speakers, program chairs, and other participants will be followed although the program chairpersons in consultation with the Committee Chairperson or the Executive Director shall be allowed reasonable discretion in offering more generous terms to individual speakers as they deem appropriate.
- 060.4a Penn State personnel (both University and county extension educators), out-of-state growers, out-of-state university or extension persons, and in- or out-of-state industry/business persons (whose industry or business will NOT benefit from the publicity) will be reimbursed for all reasonable travel, lodging and meal expenses. In general, speakers, especially in-state speakers, will be allowed one-night's lodging and three meals per presentation. We do not reimburse speakers for alcoholic beverages, hotel movies, or phone charges. We have set maximum meal expense allowances of \$15 for breakfast, \$20 for lunch and \$30 for dinner. Spouses expenses will not be reimbursed. Meal tickets will be offered at all appropriate meals. Mileage in private vehicles will be paid at the current federal mileage rate. Registration fees will be waived.
- 060.4b Out-of-state growers, out-of-state university or extension persons, and in- or out-of-state industry/business persons (whose industry or business will not benefit from the publicity) will be offered an honorarium of \$100 for one presentation and \$50 for each additional presentation. Honorariums will not be paid for speakers making their presentation remotely.
- 060.4c In-state growers will not receive any travel, lodging or meal expenses, but will be offered a \$100 honorarium for one presentation, \$50 for each additional presentation and \$50 for participation on a panel. Registration fees will be waived.
- 060.4d In- and out-of-state industry/business personnel (whose business may benefit from the publicity) will not receive any travel, lodging or meal expenses, nor honorariums or meal tickets. Registration fees will be waived.

<u>ALL speakers receive free registration to the Convention</u>. We ask speakers to make their own travel arrangements. For speakers who must purchase airline tickets, we will reimburse that cost to them before the Convention if they submit it to us. We ask speakers to pay for their own lodging and meals up front. Each speaker for whom we are covering expenses will receive an expense reimbursement form at the Convention that they can submit to us after the Convention.
